

Bella - Chasing Ghosts

Music & Lyrics by Alex Kleinman

Verse 1

Am
It's been 38 years
C
And I'm still alone
F
38 years
C
And I'm chasing ghosts

Am
Where has it gone
C
The love we once had
F
Where did it fade
C
That cloudy day

Pre-Chorus

Am F
Standing on the edge of the world
C G
Trying not to fall into another world
Am F
When will I see you again
C G
Maybe you can call me friend

- Chorus -

F C
Show me your world
G
Oh Bella, light up my world
F C
'Cause I don't know who I am
G
Unless I'm holding your hand
Am
Show me holding your hand

F C
Show me your world
G
Oh Bella, light up my world
F C
'Cause I don't know who I am
G C
Unless I'm holding your hand

Bridge

Am C
But like all things that fade away
Am C
They are gone a different way
Am C
My love for you will always stay
F C
But you're the one who drifted away
Am C
You're the one who cut the cord
Am C
Now my light don't work no more
Am C
Now I am lost now I'm torn
F C
I know this may sound absurd

Pre-Chorus

Am F
Standing on the edge of the world
C G
Trying not to fall into another world
Am F
When will I see you again
C G
Maybe you can call me friend

- Chorus -

F C
Show me your world
G
Oh Bella, light up my world
F C
'Cause I don't know who I am
G
Unless I'm holding your hand
Am
Show me holding your hand

F C
Show me your world
G
Oh Bella, light up my world
F C
'Cause I don't know who I am
G Am
Unless I'm holding your hand
